

# Go For The Gold!

**Our Commitment to You:** To assist you in building your successful business.

We will assist you in completing the power lines you are currently working on by allocating a certain percentage of leads to you. Read this document. If you agree to the conditions set forth, contact your upline leader and tell them you want to become eligible to **Go For The Gold!**

1. Drive traffic to your site. When you have started a new power line, with one person personally enrolled at 100 BV, at the top -- send us their name and ID number. We will send Associates down that leg until there are three or more Member upgrades. As soon as you have three upgraded members, contact us. We will redirect traffic from your site to another **Go For The Gold!** eligible partner.

2. Again, once you have started your next power line and now have a personally enrolled member on 100 BV, contact your leader, sending the ID and name of your new member at the top of your new power line. We will repeat the process of sending Associates down that leg until there are at least three more Members. This process will be repeated until you have six front line members with members below them.

**Your Commitment to us:** To be eligible to **Go For The Gold!**, follow the steps, do the work, enjoy the benefits of a profitable, successful business.

1. Life Force International 100 BV autoship.
2. QuickPros membership.
3. Complete the **QuickPros Business Plan** and turn in to your leader
4. Set up and use the autoresponder your leader recommends
5. Execute a plan to drive traffic to your website that you and your leader agree on.
6. Complete a **Weekly Action Summary** and send to your leader each Saturday.
7. Set your Goal for the GOLD! "It is Monday, March 31, 2003 and I am Gold with six-first level members." Visualize your final result. "*What the mind can conceive, the mind can achieve*"
